

Supporting Our High School Bands!

Today, we kicked off something we're really excited about—every high school band in Senate District 4 will be receiving \$5,000 in funding!

That's 18 high school bands across Cullman, Marion, and Winston counties—\$90,000 total—to help with uniforms, instruments, travel, and the many other expenses that come with keeping these great programs going.

We started by presenting the first check to the Good Hope High School Band, and the remaining schools in our district will be receiving theirs in the coming weeks.

I'm so grateful for the students, parents, teachers, support personnel, and directors who pour their time and energy into making these bands shine. Band programs are such an important part of our schools and communities, and we are so proud to support them.

Here's to another season of music, school spirit, and Friday Night Lights!
